

It was on Easter Sunday when we organized the m-lisada music concert which involved many activities such as brass band performances, cultural dances and drama, acrobatics, miming and singing, and speeches from both our visitors, community leaders, M-lisada children and the Administration. It became very much interesting when M-lisada children, visitors, and the people from the community came on the floor to dance as it was the last item on Easter Sunday all went well and we would like to thank every Person who helped us to make this day a successful one, by getting involved and donating towards the Events estimated budget.
