

NAME. DISAN SEGAWA
VILLAGE. MASAKA
AGE. 11 YEARS

My name is Disan Segawa aged 10yrs. I was living with my grandmother together with my young brother Frank and my two sisters Aidah and Christine. Every morning we could wake up and go to the garden, we grew sweet potatoes, sugarcanes, and yams. After sometimes, my grandmother fell sick because she was a local herbalist; we could survival on small money that people could be brought by grandmother's fans. We could always sleep on a bare mat, which make my ribs pain a lot. Whenever I came back home when after seeing and playing with my friend's grandmother could always beat me. One day when one of grandmother's friends came to visit us, I told him that I wanted to go to school. He convinced grandmother that it was good for me to attend school so I was brought to Kampala the city of Uganda at M-lisada Children's home. When I reached at M-lisada home it was like heaven, everyone was so friendly and corporative; I started to play the Euphonium in the brass band and Francis is helping me very much to learn.
